I am more than ever of the opinion that no other one medicine socompletely meets the wants of curry people as your pills. Last fall, in this region, but one person in my knowledge escapped the Age. Many had it all through the winter, and to the spring the Age. Many had it all through the winter, and I believe the first ose have it will be start to the Age. Many had it all through the winter, and I believe the first was the total through the winter, and I believe the first was that for a girl of fifteen years, who had the Ague of the sale with regard to two of them; The first was that of a girl of fifteen years, who had the Ague of the sale will be a girl of fifteen y

The other case is that of a young mar living in The othercase is that of a young mar living in the same funity. He had the fiver and Ague badly, all last fall and winter—so he informs met the first dose of the pills stopped it, and he has not lost an hour from his work since he began to take it. He has been splitting rails, hauling them out, and building fence ever since, and makes a first-rate hand at this laborious business. He now says that ten dollars would be a small price for the benefit he has received.

We consider the prospect for the sale of your medicine here very flattering, and we shall doubtless, be able to dispose of much larger quantity the coming season. We have not heard of a single case of failure. In fact, it has nearly thrown out of market every other preparation for the cure of Fever and Ague.
